

Finance
with a
mission

2011 marks 90 years of the LLL and we are celebrating this milestone by introducing a new corporate look. Contemporary, with a timeless feel, this design approach has been applied to various items, including a new suite of brochures. Our website, which is being redesigned for better navigation and access, will also reflect the new aesthetic.

While this initiative marks a new phase in the life of the LLL, we take this opportunity to reaffirm our commitment of holding uncompromisingly to our original goals and ideals.
