

# Matching Deposits

The accounts that benefit you. And the projects you want to support.

Matching deposits are unique to the LLL. They are a way for you to ensure that your LLL deposit account helps support a particular project of the Lutheran Church of Australia, be that a congregation, school or care organisation etc.

By supporting your project in this way you are not affecting the status of your account; your funds are still secure and available 'at call'. You can continue to make deposits and withdrawals as normal.

You advise us which project you wish to support and we will note that against your account. Your funds will then become matching deposits for that project. Approved projects can borrow funds from the LLL for the equivalent amount of total matching deposits for that project. Loans have a low interest rate of 5% p.a. with no application fees nor any ongoing fees.

When compared with the interest rates and fees imposed by commercial financial institutions, you can see your support will result in significant savings to the project. At any time your matching deposit instruction can be changed to support another project and/or multiple projects, simply by writing to the LLL.

**We encourage you to have an LLL Deposit Account so you can support your Lutheran Church project.**
