LLL relies on exemptions under paragraphs 5(1)(b) and (c) of *ASIC Corporations (Charitable Investment Fundraising) Instrument 2016/813 (ASIC Instrument)*.

LLL has implemented policies, practices and procedures to ensure that all relevant conditions of the exemptions are met. Such policies, practices and procedures are revised and reviewed on a regular basis to ensure ongoing compliance.

LLL has adequate resources to ensure compliance with its obligations under Section 7 of the ASIC instrument. The Executive Team of LLL will ensure that staff are appropriately trained and supervised and that breaches are reported.

LLL's Board monitors the operation of the investment program through a number of measures, including Board Audit, and Board Risk sub committees.

LLL ensures compliance with the conditions of the above exemption in the following ways:

- LLL has lodged this Replacement Identification Statement with ASIC and it is made available, along with earlier versions of the Identification Statement, to the public via the LLL website.
- LLL regularly reviews its Identification Statement and all relevant offer documents to ensure that they are up to date, complete and not misleading.
- LLL ensures that all relevant promotional material and offer documents:
  - o do not state or imply that ASIC has examined or approved LLL itself, LLL's financial products, any of LLL's promotional material or offer documents;
  - o explain how the investment funds will be used to support LLL's charitable purposes;
  - o explain that the Identification Statement may be viewed on the LLL website;

- explain that LLL is required by law to notify investors that its products and their offering are not subject to the usual protections for investors under the *Corporations Act* or regulation by ASIC;
  - explain that the investment is only intended to attract investors whose primary purpose for making the investment is to support LLL's charitable purposes;
  - explain that investors may be unable to get some or all of their money back when the investor expects, or at all; and
  - explain the investment is not comparable to investments with banks, finance companies or fund managers.
- Any false or misleading material statements relating to the Identification Statement are rectified as soon as practicable via the issue of a supplementary or replacement Identification Statement.
  - Each Identification Statement that has been accepted by ASIC for the purposes of the ASIC Instrument is available to the public on the LLL website for a period of five years after the last time that LLL relied on ASIC's acceptance of that Identification Statement.
  - LLL lodges audited financial statements covering the issue of debentures with the ACNC together with the associated Auditor's Reports, within 6 months after the end of each financial year. These audited financial statements comply with relevant accounting standards. The financial statements and the Auditor's Reports are made available to the public via the LLL website for a minimum period of 3 years from the date of issue and are accessible by a direct link from the web address where the LLL publishes the Identification Statement.
  - Within 15 business days of becoming aware of a matter that gives LLL reason to believe that it has failed or is likely to fail to comply with conditions of relief granted by the ASIC Instrument, LLL will give ASIC full particulars of the matter.

#### Financial Year

From 1 July to 30 June of the following calendar year.

#### AFS Licence

LLL holds Australian Financial Services Licence Number 329339, which authorises LLL to issue and provide advice in relation to non-cash payment facilities.

LLL relies on its AFS licence to issue non-cash payment facilities (such as BPAY® and "New Payment Platform" payments) to clients that are "**associates**" within the meaning of the ASIC Instrument.

LLL's debenture products are not issued in the capacity as a holder of an AFS licence.

#### Charitable Purpose

LLL's purpose is to use its property for the benefit and advancement of Christian Churches and Christian Church bodies (including the Lutheran Church of Australia (**LCA**) and bodies of the LCA (**LCA associated bodies**)).

The objects of the LLL are to:

- provide aid to Christian Churches and Christian Church bodies (in in business and financial matters;
- raise funds by deposits and other means and provide loans to Christian Churches and Christian Church bodies in accordance with the policies of the LLL from time to time and in accordance with relevant laws;

---

® Registered to BPAY Pty Ltd ABN 69 079 137 518

- safeguard the interests of depositors;
- use its property for the benefit and advancement of the LCA and LCA associated bodies in such ways as the Board of the LLL in its absolute discretion may determine from time to time; and
- promote and advance comity between Christian Churches in all things, in order to more fully realise the expression of Christ's life, death and resurrection.

### Method of Fundraising

LLL will issue unsecured debentures as its method of fundraising. Debentures will be issued to wholesale clients, retail, associated clients and retail, non-associated clients, and will lend the funds raised for profit to assist and grow the mission of the Lutheran Church in Australia and support other Christian Churches.

All investment by retail, non-associated clients (within the meaning of the ASIC Instrument) will be on terms such that a minimum 31 days' notice is required to redeem the investment (except at the end of the term of a fixed term debenture or in the case of hardship).

Under the ASIC Instrument, a "**retail, non-associated client**" is a person who is a retail client under the Corporations Act, and is not the LCA, a body constituted by or under the authority of the LCA, a LCA entity, LCA clergy, a member of the General Church Board, a Lutheran body of shared charitable purpose or a paid employee of the LCA or LLL.

LLL uses funds raised to make loans to associates, usually to LCA bodies such as schools, or other Christian Churches or Christian Church bodies and charges interest on those loans.

Importantly, as LLL is a registered charity, it is able to operate prudently and maintain an appropriate margin while offering investors competitive rates, and allowing the LCA associated bodies, other Christian Churches or Christian Church bodies that are borrowers lower lending costs than they might be charged by a for-profit provider.

LLL generates a margin between the rates paid to investors and those charged to borrowers. This surplus funds the operating costs of LLL and provides support to the Mission of the LCA as described below. LLL aims to retain surpluses sufficient to:

- Maintain capital adequacy higher than 11.5% of Risk Weighted Assets;
- Make annual distributions to the LCA in accordance with the objects of LLL; and
- Fund grants to organisations which share the charitable purpose of LLL.

In this way, the funds raised support the charitable aims of LLL, providing concessionally priced loans to LCA associated bodies and other Christian Churches or Christian Church bodies and providing distributions and grants to support the Mission of the LCA.
